

Andrew Wooten is the President of Safety Awareness Firearms Education (S.A.F.E.), and has been in the safety and security industry, and has provided safety programs internationally since 1984, providing practical advice about security, crime, loss prevention, and avoiding liability. Our message is simple; we reduce your exposure and liability and provide safe workplace practices.

Mr. Wooten has over twenty-six years of education, training, and experience in crime prevention and security management and has earned many professional certifications in his field. He has conducted over six thousand training programs worldwide. Mr. Wooten is considered to be an expert in the fields of safety and security, crime and loss prevention, and specializes in the anticipation, recognition, and prevention of crime on most property types.

## **Experience**

In addition to his formal education and experience, Mr. Wooten has absorbed thousands of hours of specialized training. Throughout his career, he has developed cost effective security programs to protect small, medium, and large commercial properties as well as several well-renowned corporations. He has thousands of hours of hands-on experience working against the folks who commit crime against property and person.

Mr. Wooten is a partner with the National Association of REALTORS®. He is currently a safety consultant for the Right Tools Right Now project. He has also conducted trainings and webinars for the association.

S.A.F.E has earned a solid reputation for conceiving solutions that are practical, reasonable, and effective. It's Mr. Wooten's hands-on approach; investigating client locations in depth, in addition to listening to clients explain what they perceive as security issues that allow him to design the best programs and security systems. The program design and implementation must compliment and protect the client's assets.

Mr. Wooten holds a Bachelor of Science Degree in Business Administration. He is a frequent speaker on the subjects of crime prevention, corporate and retail security, and premises liability and has consulted with or appeared on many radio and television shows.
